Congressional Relations

Through our results-driven philosophy grounded in **Experience**, **Expertise** and **Integrity**, The Spectrum Group provides our commercial, government and non-profit clients with the tools and counsel necessary to achieve their objectives.

Experience

The Spectrum Group is a dynamic alliance of over 100 highly respected and experienced subject matter experts from diverse professional and political backgrounds.

The Spectrum Group has over 20 years of proven performance in corporate consulting, competitive intelligence, strategic planning, community support for military installations, working with Congress, due diligence, international liaisons, and program execution.

Integrity

Our Members include former CEOs and senior executives, senior leaders in the military and intelligence communities, former Federal senior executives, legislative affairs experts, investment bankers, and community development leaders.

Today we are fortunate to serve an impressive array of clients from startups to Fortune 500 companies, states and local communities, the federal government, and international entities.

Expertise

Working with The Spectrum Group offers your company a team of Members with the ideal background and experience to support your business needs – expanding your knowledge base and access to desired expertise without increasing your employee base. Our services include:

- Licensing & ITAR
- Physical & Cyber Security Assessment
- Grant Review and Preparation
- Trade Mission Support
- Congressional Advocacy

Centers of Excellence

We provide a broad range of goal-oriented consulting, government contracting, congressional and executive relations and due diligence services through our six Centers of Excellence.

Defense & Aerospace Our Members provide the access, insights and experience to successfully enable our clients to meet or exceed their business objectives.

Energy & Environment Our Members help U.S. companies expand into the federal marketplace by advising on contracts and grants and using their expert knowledge of climate change, sustainability, environmental security requirements and Federal maritime law.

International Our Members help U.S. companies pursue their global business interests as well as U.S. subsidiaries of foreign companies penetrate and succeed in the domestic market place.

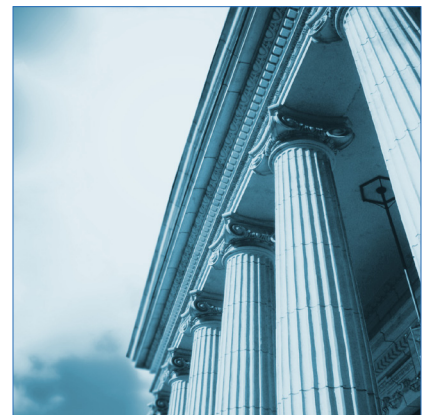

Security Our Members assess each client's security needs and risks, developing strategic plans and implementation programs, designing and facilitating advocacy initiatives to expand and defend client's business interests and protect assets.

Healthcare & Bio-Sciences Our Members improve business operations as well as identify private sector best practices for implementation in the government sector. We assess programs and develop solutions and strategy that become actionable and successful.

Congressional Relations Our Members work to effectively promote our clients' business objectives with the U.S. Congress.
